EXAMINER: BALLISTICS ANALYSIS

AFFIDAVIT IN TERMS OF SECTION 212 OF THE CRIMINAL PROCEDURE ACT, 1977
(ACT 51 OF 1977). (AS AMENDED)

LAURANCE ITUMELENG MAKGOTLOE declares under oath, in accordance with Section 212 subsections (4) (a) and (8) (a) of the Criminal Procedure Act, 51 of 1977 (as amended), as follows:

1.

I number [REDACTED] am a warrant officer in the South African Police Service at the Forensic Science Laboratory, 270 Pretoria Road, Silverton with telephone number [REDACTED]. I am a Forensic Analyst, and I am in the service of the state.

2.

I have been attached to the Ballistics Section since 2005 as an examiner of Forensic Ballistics with the following qualifications and experience:

2.1 Academic qualifications:

2.1.1 I obtained a National Diploma in Policing from the University of South Africa in 2013.

2.1.2 I obtained a B-Tech Degree in Forensic Investigation from University of South Africa in 2016

2.2. I have to date examined the excess of 2500 cases. I examine Ballistics related cases as part of my daily task and testify on a regular basis in the courts of South Africa.

2.3 I have attended the following internal and external training interventions:

2.3.1 Identification of ammunition, fired bullets and fired cartridge cases.

2.3.2 The use of microscopic equipment.

2.3.3 Microscopic individualization of firearms, ammunition, fired bullets, fired cartridge cases, tools and tool marks.

2.3.4 Acquisition of fired cartridge case and fired bullet data on Integrated Ballistics Identification System (IBIS).

2.3.5 Physical matching.

2.3.6 Identification of firearms.

2.3.7 The examination of firearm mechanisms.

2.3.8 The different manufacturing processes of firearms and firearm components.

- 2.3.9 The examination of home-made devices.
- 2.3.10 Techniques associated with the recovering and restoration processes of obliterated alpha-numeric figures on metals.
- 2.3.11 The reloading of ammunition and the manufacturing processes of ammunition.
- 2.3.12 Shot range determination.
- 2.3.13 Crime scene investigation and examination techniques.
- 2.3.14 Documentation of examination results.
- 2.3.15 **INTERNAL FORENSIC BALLISTICS**
- 2.3.15.1 Functioning of firearm mechanisms during the firing process.
- 2.3.15.2 Burning rates of propellant powder and gas pressure.
- 2.3.15.3 The transfer of marks by the firearm to cartridges, fired cartridge cases and fired bullets.
- 2.3.16 **INTERMEDIATE FORENSIC BALLISTICS**
- 2.3.16.1 The effect that hot gasses, propellant powder and partially burnt propellant powder has on an intermediate target, before and after the exit of a bullet from the muzzle.
- 2.3.16.2 The forming and effect of secondary missiles caused by intermediate targets.
- 2.3.17 **EXTERNAL FORENSIC BALLISTICS**
- 2.3.17.1 The trajectory of the bullet from the muzzle of the firearm to the final point of impact.
- 2.3.18 **TERMINAL FORENSIC BALLISTICS**
- 2.3.18.1 The wounding effect that the bullet has on tissue (Wound Ballistics).
- 2.3.18.2 The effect that the bullet has on the target.
- 2.3.18.3 The effect that the target has on the bullet.
- 2.4 I was declared competent and proficient in Forensic Ballistics examination.

3.

On 09 May 2024 during the performance of my official duties I received an intact sealed evidence bag with number **PA5500103539** marked *inter alia* [REDACTED] [REDACTED] from Case Administration of the Ballistics Section. I opened the bag and found the following exhibits:

- 3.1 TEN (10) 9mm PARABELLUM CALIBRE FIRED CARTRIDGE CASES AND MARKED THEM 193051/24 A TO H AND J TO K.
- 3.2 FOUR (04) 9mm CALIBRE FIRED BULLETS AND MARKED THEM 193051/24 AA2, AA6, AA7 AND AA11.
- 3.3 SIX (06) 7.62mm CALIBRE FIRED BULLETS AND MARKED THEM 193051/24 L, M, AA1, AA4, AA8 AND AA10.
- 3.4 TWO (02) 7.62mm CALIBRE FIRED BULLET CORES AND MARKED THEM 193051/24 AA3 AND AA9.

4.

On 24 May 2024 during the performance of my official duties I received an intact sealed evidence bag with number **P4B000208366** marked *inter alia* [REDACTED] [REDACTED] from Case Administration of the Ballistics Section. I opened the bag and found the following exhibits:

A SEALED EVIDENCE BAG WITH NUMBER **PAR000518703** CONTAINING:

- 4.1 ONE 7.62X39mm CALIBRE AK MODEL 47 ASSAULT RIFLE WITH SERIAL NUMBER **575363** WITH FOUR MAGAZINES.

A SEALED EVIDENCE BAG WITH NUMBER **PA6004509202** CONTAINING:

- 4.2 NINETY- SIX (96) 7.62X39mm CALIBRE CARTRIDGES UNMARKED.

A SEALED EVIDENCE BAG WITH NUMBER **PA4005872996** CONTAINING:

- 4.3 ONE 9mm SHORT CALIBRE CZ MODEL 83 SEMI-AUTOMATIC PISTOL WITH SERIAL NUMBER **0084** WITH A MAGAZINE.

- 4.4 THIRTEEN (13) 9mm SHORT CALIBRE CARTRIDGES UNMARKED.

A SEALED EVIDENCE BAG WITH NUMBER **PA5003372733** CONTAINING:

- 4.5 ONE 9mm PARABELLUM CALIBRE SIG SAUER MODEL P320 SEMI-AUTOMATIC PISTOL WITH SERIAL NUMBER **58K043207**.

A SEALED EVIDENCE BAG WITH NUMBER **PA6004509205** CONTAINING:

- 4.6 THREE 9mm PARABELLUM CALIBRE-TYPE (SIG SAUER) MAGAZINES UNMARKED.

A SEALED EVIDENCE BAG WITH NUMBER **PA4005872991** CONTAINING:

- 4.7 ONE 9mm PARABELLUM CALIBRE TAURUS MODEL PT92FS SEMI-AUTOMATIC PISTOL WITH SERIAL NUMBER OBLITERATED AND MARKED IT 193045/24 WITH A MAGAZINE.

4.8 ONE 9mm PARABELLUM CALIBRE CARTRIDGE UNMARKED.

A SEALED EVIDENCE BAG WITH NUMBER PA6004509207 CONTAINING:

4.9 FIFTEEN (15) 7.62X39mm CALIBRE FIRED CARTRIDGE CASES AND MARK THEM 193045/24AA3A TO AA3O.

A SEALED EVIDENCE BAG WITH NUMBER PA6004510131 CONTAINING:

4.10 ONE 9mm PARABELLUM CALIBRE FIRED CARTRIDGE CASE AND MARK IT 193045/24 AA10A.

A SEALED EVIDENCE BAG WITH NUMBER PA5003372726 CONTAINING:

4.11 ONE 9mm PARABELLUM CALIBRE FIRED CARTRIDGE CASE AND MARK IT 193045/24 AA10.

4.12 ONE 9mm PARABELLUM CALIBRE CARTRIDGE AND MARK IT 193045/24 AA8.

4.13 ONE 7.62X39mm CALIBRE CARTRIDGE CASE AND MARK IT 193045/24 AA11.

A SEALED EVIDENCE BAG WITH NUMBER PA6004509206 CONTAINING:

4.14 FORTY-FIVE (45) 9mm PARABELLUM CALIBRE CARTRIDGES UNMARKED.

A SEALED EVIDENCE BAG WITH NUMBER PA5003372731 CONTAINING:

4.15 FORTY-SIX (46) 9mm PARABELLUM CALIBRE CARTRIDGES UNMARKED.

5.

The intention and scope of this forensic examination comprise the following Ballistics techniques:

- 5.1 The examination and identification of ammunition, fired bullets and cartridge cases.
- 5.2 Microscopic individualization of fired bullets and cartridge cases.
- 5.3 Firearm mechanism examination.
- 5.4 Techniques associated with the recovering and restoration processes of obliterated alpha-numeric figures on metals.

6.

I examined the cartridges mentioned in 4.12 and 4.13 and found that they consists of a primer, cartridge case, bullet and propellant and were designed and manufactured to be fired by a centre-fire firearm.

7.

I examined and tested the firearms mentioned in 4.1, 4.3, 4.5 and 4.7 and found that:

- 7.1 The firearms mentioned in 4.1, 4.3, 4.5 and 4.7 functions normally without any obvious defects.
- 7.2 Ammunition used for test purposes was marked as 363TC1 and 363TC2 (on the cartridges cases) and 363TB1 and 363TB2 (on the bullets) and was fired in the pistol mentioned in 4.1.
- 7.3 Ammunition used for test purposes was marked as 084TC1 and 084TC2 (on the cartridges cases) and 084TB1 and 084TB2 (on the bullets) and was fired in the pistol mentioned in 4.3.
- 7.4 Ammunition used for test purposes was marked as 207TC1 and 207TC2 (on the cartridges cases) and 207TB1 and 207TB2 (on the bullets) and was fired in the pistol mentioned in 4.5.
- 7.5 Ammunition used for test purposes was marked as 045TC1 and 045TC2 (on the cartridges cases) and 045TB1 and 045TB2 (on the bullets) and was fired in the pistol mentioned in 4.7.

8.

I examined and tested the mechanism of the assault rifle mentioned in 4.1 and found it to be self-loading and capable of discharging more than one shot with a single depression of the trigger. I also found that:

- 8.1 The device was manufactured or designed to discharge centre-fire ammunition.

9.

I examined and tested the mechanism of the pistols mentioned in 4.3, 4.5 and 4.7 and found them to be self-loading, but not capable of discharging more than one shot with a single depression of the trigger. I also found that:

- 9.1 The devices were manufactured or designed to discharge centre-fire ammunition.

10.

I examined the fired cartridge cases and bullets mentioned in 3.1 to 3.4, 4.9, 4.10, 4.11 and tests mentioned in 7.2 to 7.5 and compared the individual and class characteristic markings transferred to them by the firearm components during the firing process using a comparison microscope and found:

- 10.1 The bullets mentioned in 3.3 were fired from the firearm mentioned in 4.1.
- 10.2 The cartridge cases mentioned in 3.4 were fired in the firearm mentioned in 4.1.
- 10.3 The cartridge cases mentioned in 3.1 and 4.11 were fired in the firearm mentioned in 4.7.
- 10.4 The bullets mentioned in 3.2 were fired from the firearm mentioned in 4.7.
- 10.5 The cartridge case mentioned in 4.10 was not fired in the same firearm as the cartridge cases mentioned in 10.2, 10.3, 10.5 and firearms mentioned in 4.1, 4.3, 4.5 and 4.7.
- 10.6 The bullet cores mentioned in 3.4 are not suitable for microscopic comparison due to damage.

11.

After application of the electromagnetic and electro-acid etching process, I could not determine the serial number of the pistol mentioned in 4.7.

12.

The conclusions arrived at were based on facts, established by means of an examination and process which require a knowledge and skill in Forensic Ballistics.

13.

After examination the exhibits mentioned in 3.1 to 3.4, 4.1 to 4.15 and tests mentioned in 7.2 to 7.5 were disposed of as follows:

- 13.1 On 24 May 2024 the exhibits mentioned in 3.1 to 3.4 were sealed in an evidence bag with number **PA6004731459** and filed in case file with LAB 193051/24.
- 13.2 On 24 March 2024 the exhibits mentioned in 4.1 and 4.2 were sealed in an evidence bag with number **PAR000604044** and handed over to Case Administration of the Ballistic Section.
- 13.3 On 24 March 2024 the exhibits mentioned in 4.3 and 4.4 were sealed in an evidence bag with number **PA4006431396** and handed over to Case Administration of the Ballistic Section.

- 13.4 On 24 March 2024 the exhibits mentioned in 4.5 and 4.6 were sealed in an evidence bag with number **PA4006431395** and handed over to Case Administration of the Ballistic Section.
- 13.5 On 24 March 2024 the exhibits mentioned in 4.7 and 4.8 were sealed in an evidence bag with number **PA4006431394** and handed over to Case Administration of the Ballistic Section.
- 13.6 On 24 March 2024 the exhibits mentioned in 4.14 and 4.15 were sealed in an evidence bag with number **PA5002846121** and handed over to Case Administration of the Ballistic Section.
- 13.7 On 24 May 2024 the exhibits mentioned in 4.9, 4.11 to 4.13, and tests mentioned in 7.2 to 7.5 marked 363TC2, 363TB1, 363TB2, 084TC2, 084TB1, 084TB2, 207TC2, 207TB1, 207TB2, 045TC2, 045TB1 and 045TB2 were sealed in an evidence bag with number **PA6004731444** and filed in case file with LAB 193045/24.
- 13.8 On 24 May 2024 the exhibit mentioned in 4.10 and tests mentioned in 7.2 to 7.5 marked 363TC1, 084TC1, 207TC1 and 045TC1 were sealed in an evidence bag with number **PPA6004731445** and filed in case file with LAB 193045/24.

14.

During the performance of my official duties the exhibits and tests mentioned were for the purpose of their examination kept in my custody, under lock and key, from 09 May 2024 until 24 May 2024.

15.

I know and understand the contents of this declaration.

I have no objection to taking the prescribed oath.

I consider the prescribed oath to be binding on my conscience.

I certify that the deponent has acknowledged that she knows and understands the contents of this declaration which was sworn before me and the deponent's signature was placed thereon in my presence at PRETORIA ON 24 May 2024

On **13 September 2024** during the performance of my official duties, I received an intact sealed evidence bag with number **PAR500062234** marked inter alia [REDACTED] from Case Administration of the Ballistics Section. I opened the bag and found the following:

- 3.1 **ONE (1) 9X19MM CALIBRE SIG SAUER MODEL P320 SEMI-AUTOMATIC PISTOL WITH SERIAL NUMBER 58K043207 AND THREE (3) MAGAZINES. (SEALED IN PA4006431395)**
- 3.2 **ONE (1) 9X17MM CALIBRE CZ MODEL 83 SEMI-AUTOMATIC PISTOL WITH SERIAL NUMBER 0084 AND ONE (1) MAGAZINE. (SEALED IN PA4006431396)**
- 3.3 **THIRTEEN (13) 9X17MM CALIBRE CARTRIDGES UNMARKED. (SEALED IN PA4006431396)**

LAB 469673/24

- 3.4 ONE (1) 9X19MM CALIBRE TAURUS MODEL PT92FS SEMI-AUTOMATIC PISTOL WITH SERIAL NUMBER OBLITERATED PREVIOUSLY MARKED AS 193045/24 AND ONE (1) MAGAZINE. (SEALED IN PA4006431394)
- 3.5 ONE (1) 9X19MM CALIBRE CARTRIDGE UNMARKED. (SEALED IN PA4006431394)
- 3.6 ONE (1) 7.62X39MM CALIBRE RUSSIAN MANUFACTURED MODEL AK47 FULLY AUTOMATIC ASSAULT RIFLE WITH SERIAL NUMBER 575363 AND FOUR (4) MAGAZINES. (SEALED IN PAR000604044)
- 3.7 NINETY SIX (96) 7.62X39MM CALIBRE CARTRIDGES UNMARKED OF WHICH TWO (2) WERE USED FOR TEST PURPOSES. (SEALED IN PAR000604044)

4.

The intention and scope of this forensic examination comprise of the following Ballistics Techniques:

- 4.1 Firearm mechanism examination.
- 4.2 Techniques associated with recovering and restoration process of obliterated alphanumeric figures on metals.
- 4.3 The examination and identification of ammunition and ammunition components.

5.

I examined and tested the pistols and assault rifle mentioned in 3.1, 3.2, 3.4, 3.6 and found:

- 5.1 THE PISTOLS AND ASSAULT RIFLE MENTIONED IN 3.1, 3.2, 3.4 AND 3.6 FUNCTION NORMALLY WITHOUT ANY OBVIOUS DEFECTS.
- 5.2 AMMUNITION USED FOR TEST PURPOSES WERE MARKED AS 207 TC1-TC2, 084 TC1-TC2, 673 TC1-TC2, 363 TC1-TC2 (ON THE CARTRIDGE CASES) AND 207 TB1-TB2, 084 TB1-TB2, 673 TB1-TB2, 363 TB1-TB2 (ON THE BULLETS) AND WERE FIRED IN THE PISTOLS AND ASSAULT RIFLE MENTIONED IN 3.1, 3.2, 3.4, 3.6 RESPECTIVELY.

6.

I examined and tested the mechanism of the pistols mentioned in 3.1, 3.2, 3.4 and found them to be self-loading, but not capable of discharging more than one shot with a single depression of the trigger:

I also found that:

- 6.1 THE DEVICES WERE MANUFACTURED OR DESIGNED TO DISCHARGE CENTRE-FIRE AMMUNITION.

7.

I examined and tested the mechanism of the assault rifle mentioned in 3.6 and found it to be capable of discharging more than one shot with a single depression of the trigger:

I also found that:

7.1 THE DEVICE WAS MANUFACTURED OR DESIGNED TO DISCHARGE CENTRE-FIRE AMMUNITION.

8.

AFTER APPLICATION OF THE ELECTRO-MAGNETIC ETCHING PROCESS, I DETERMINED THE SERIAL NUMBER OF THE PISTOL MENTIONED IN 3.4 AS TKS21211 ON THE SLIDE.

9.

I examined the cartridges mentioned in 3.3, 3.5, 3.7 and found:

9.1 THE CARTRIDGES MENTIONED IN 3.3, 3.5 AND 3.7 CONSIST OF A BULLET, CARTRIDGE CASE AND PRIMER AND WERE DESIGNED OR MANUFACTURED TO BE FIRED BY A CENTRE-FIRE FIREARM.

10.

The conclusions arrived at were based on facts, established by means of an examination and process which require a knowledge and skill in Forensic Ballistics.

11.

After examination, the exhibits and tests mentioned in 3.1 to 3.7 and 5.2 were disposed of as follows:

- 11.1 On **28 September 2024** the exhibits mentioned in 3.1 were sealed in an evidence bag with number **PA4500286217** for despatching.
- 11.2 On **28 September 2024** the exhibits mentioned in 3.2 and 3.3 were sealed in an evidence bag with number **PA4500286216** for despatching.
- 11.3 On **28 September 2024** the exhibits mentioned in 3.4 and 3.5 were sealed in an evidence bag with number **PA4500286215** for despatching.
- 11.4 On **28 September 2024** the exhibits mentioned in 3.6 and 3.7 were sealed in an evidence bag with number **PAR500062211** for despatching.
- 11.5 On **28 September 2024** the tests mentioned in 5.2 marked 207 TC1-TB1-TB2, 084 TC1-TB1-TB2, 673 TC1-TB1-TB2, 363 TC1-TB1-TB2 were sealed in an evidence bag with number **P2B001140341** and filed in case file with **LAB 469673/24**.
- 11.6 On **28 September 2024** the tests mentioned in 5.2 marked 207 TC2, 084 TC2, 673 TC2, 363 TC2 were sealed in an evidence bag with number **P2B001140342** and filed in case file with **LAB 469673/24** for ABIS Acquisition.

Subject: SEIZURE OF EXHIBITS AND BALLISTIC REPORT RECTIFICATIONS: [REDACTED] AND [REDACTED]
[REDACTED]
[REDACTED]

I am the Senior Prosecutor assisting/guiding the investigation team in this murder case, [REDACTED] with the completion of the investigations to ensure that the case can be trial ready to be transferred to the high court. When I studied the dockets, I realized that there are a few problems in the reports which need amendment and/or clarification. Just as background, the murder was committed in Vereeniging where a young man was gunned down with a 9mm and AK 47 and the firearms and some other ammo etc were retrieved in Bramley.

- (1) The seizure of the exhibits were done by Sergeant Mohale (SANDTON LCRC NUMBER [REDACTED] – PROV CSI PR NUMBER: [REDACTED] – [REDACTED]) I have attached the statement for ease of reference. When I compared the seizure statement, with the photographs (photo 107 and 108), as well as his cover letter and the statement of W/O Makgotloe, who did the ballistic comparison and examination, I picked up that there might be a typo in paragraph 6.10 where he referred to the seizure of 15 rifle cartridges and the seal bag is quoted in this paragraph as being **PA6004509205**. In all the other documentation these exhibits are indicated to have been sealed in **PA6004509207**. Even the photographs confirm the sealbag number. Please rectify.
- (2) Mohale's statement 6.8 – 6.11 refers to exhibits as **1 X 45 pistol cartridges / 1 X 3 pistol magazines** etc. I just think the 1 X should be taken out if there is referral to a number of ammunition. If it is a single item, the 1X is correct. Please rectify.
- (3) Most of the statements are not commissioned. Please ensure that all statements are commissioned and signed.
- (4) W/O Makgotloe in paragraph 4.9 said that he received the exhibit **PA6004509207**, which contained 15 (fifteen) 7.62/39mm caliber fired cartridge cases. In paragraph 10 he indicated that he tested all fired cartridge cases against the firearms seized. No mention is however made further in the report to indicate if these 15 cartridge cases compared/matched to have been fired from firearm as per 4.1 No mention is made if it did or did not match. The importance of this is the fact that it might be that the accused, when stopping the car used in the murder, picked up these empty cartridges, put it in a plastic and took it with them when they left the premises in the Viano to discard of the cartridges some where else. They were however apprehended before they could discard of it and it was found neatly tied into a plastic bag and placed in the console of the Viano, which they were traveling with, when arrested. The importance of this result can therefore not be emphasized more. Can we please have a result in this regard. I think the result was just accidentally omitted from the report.
- (5) In paragraph 3.4 Makgotloe referred to "fired bullet cores" and in paragraph 10.2 he called it "cartridge cases". Do these two terms refer to the same items. The advocate asked that we clarify this to eliminate confusion.

- (6) I was furthermore informed by the investigation team and I am to be corrected in this regard, if the information is not correct, that when testing the seized firearms, the examination of the firearms connected the firearms to other crime scenes. Kindly confirm this and kindly supply me with the relevant report in this regard.

Your kind assistance in this regard is highly appreciated.

Kind regards.

The intention and scope of this forensic examination comprise the following Ballistics techniques:

- 5.1 The examination and identification of ammunition, fired bullets and cartridge cases.
- 5.2 Microscopic individualization of fired bullets and cartridge cases.
- 5.3 Firearm mechanism examination.
- 5.4 Techniques associated with the recovering and restoration processes of obliterated alpha-numeric figures on metals.

6.

I examined the cartridges mentioned in 4.12 and 4.13 and found that they consists of a primer, cartridge case, bullet and propellant and were designed and manufactured to be fired by a centre-fire firearm.

LAB 193051/24

LAB 193045/24

7.

I examined and tested the firearms mentioned in 4.1, 4.3, 4.5 and 4.7 and found that:

- 7.1 The firearms mentioned in 4.1, 4.3, 4.5 and 4.7 functions normally without any obvious defects.
- 7.2 Ammunition used for test purposes was marked as 363TC1 and 363TC2 (on the cartridges cases) and 363TB1 and 363TB2 (on the bullets) and was fired in the pistol mentioned in 4.1.
- 7.3 Ammunition used for test purposes was marked as 084TC1 and 084TC2 (on the cartridges cases) and 084TB1 and 084TB2 (on the bullets) and was fired in the pistol mentioned in 4.3.
- 7.4 Ammunition used for test purposes was marked as 207TC1 and 207TC2 (on the cartridges cases) and 207TB1 and 207TB2 (on the bullets) and was fired in the pistol mentioned in 4.5.
- 7.5 Ammunition used for test purposes was marked as 045TC1 and 045TC2 (on the cartridges cases) and 045TB1 and 045TB2 (on the bullets) and was fired in the pistol mentioned in 4.7.

8.

I examined and tested the mechanism of the assault rifle mentioned in 4.1 and found it to be self-loading and capable of discharging more than one shot with a single depression of the trigger. I also found that:

- 8.1 The device was manufactured or designed to discharge centre-fire ammunition.

9.

I examined and tested the mechanism of the pistols mentioned in 4.3, 4.5 and 4.7 and found them to be self-loading, but not capable of discharging more than one shot with a single depression of the trigger. I also found that:

- 9.1 The devices were manufactured or designed to discharge centre-fire ammunition.

10.

I examined the fired cartridge cases and bullets mentioned in 3.1 to 3.4, 4.9, 4.10, 4.11 and tests mentioned in 7.2 to 7.5 and compared the individual and class characteristic markings transferred to them by the firearm components during the firing process using a comparison microscope and found:

- 10.1 The bullets mentioned in 3.3 were fired from the firearm mentioned in 4.1.
- 10.2 The cartridge cases mentioned in 4.9 were fired in the firearm mentioned in 4.1.
- 10.3 The cartridge cases mentioned in 3.1 and 4.11 were fired in the firearm mentioned in 4.7.
- 10.4 The bullets mentioned in 3.2 were fired from the firearm mentioned in 4.7.
- 10.5 The cartridge case mentioned in 4.10 was not fired in the same firearm as the cartridge cases mentioned in 10.2, 10.3, 10.5 and firearms mentioned in 4.1, 4.3, 4.5 and 4.7.
- 10.6 The bullet cores mentioned in 3.4 are not suitable for microscopic comparison due to damage.

11.

After application of the electromagnetic and electro-acid etching process, I could not determine the serial number of the pistol mentioned in 4.7.

12.

The conclusions arrived at were based on facts, established by means of an examination and process which require a knowledge and skill in Forensic Ballistics.

13.

After examination the exhibits mentioned in 3.1 to 3.4, 4.1 to 4.15 and tests mentioned in 7.2 to 7.5 were disposed of as follows:

- 13.1 On 24 May 2024 the exhibits mentioned in 3.1 to 3.4 were sealed in an evidence bag with number **PA6004731459** and filed in case file with LAB 193051/24.
- 13.2 On 24 March 2024 the exhibits mentioned in 4.1 and 4.2 were sealed in an evidence bag with number **PAR000604044** and handed over to Case Administration of the Ballistic Section.
- 13.3 On 24 March 2024 the exhibits mentioned in 4.3 and 4.4 were sealed in an evidence bag with number **PA4006431396** and handed over to Case Administration of the Ballistic Section.

CYNTHIA PULANE GOPANE STATES UNDER OATH

I am an adult female, aged 53 years the Provincial Head of Organised Crime Gauteng Province under the command of Deputy Provincial Commissioner-Major General Khumalo.

Between July and August 2024 while I was in my office in Diepkloof I was approached by [REDACTED] and [REDACTED]. The two members are investigating a high profile case as per [REDACTED] a murder case. The members reported to me that they were approached by Sgt Tshukudu based at Projects Team in my same component saying he was sent by Brigadier Nkhwashu to plead with the members to give one suspect Tau in the Vereeniging case bail. The members said they do not know Brigadier Nkhwashu and they were very surprised. I told the members that they are investigating a very sensitive case and they must not talk to any person about this case except myself and the Deputy Provincial Commissioner, Major General Khumalo.

During that period the members were busy with formal bail application on the same mentioned suspect. The said suspect was granted bail and they further reported to me that the very same member called them to say Brigadier Nkhwashu says thank you so much. The same suspect was rearrested on the 20th of September 2024. I personally called Sgt Tshukudu to reprimand him about the allegations that he was sent by Brigadier Nkhwashu. The member agreed and said he didn't know and was just sent by the Brigadier, he didn't know how serious the case is. He further apologised and said he will stop this behaviour.

I know and understand the contents of this declaration

I have no objection in taking the prescribed oath

I consider the oath to be binding on my conscience.

I certify that the above statement was taken by me and that the deponent has acknowledged that he/she knows and understands the contents of this statement. This statement was sworn to /affirmed before me and deponent's signature/mark/thumbprint was placed thereon in my presence.

REQUEST FOR THE OFFICE OF DIRECTOR OF PUBLIC PROSECUTION TO READ, REVIEW AND APPEAL THE JUDGEMENT OF KATISO JACOTTET MOLEFE AS PER HIGH COURT GAUTENG NORTH JUDGMENT: [REDACTED] MURDER, APPEAL NO: 05/2025 COURT AND CASE NO: [REDACTED]

On Wednesday 2024-04-17 around 07:01, an employee of Qtech company was shot and killed whilst he was about to enter the company premises at Vereeniging. A case of murder was registered as per [REDACTED] Murder.

The Gauteng organised crime was allocated the docket to investigate the matter and later the Political Task Team from KwaZulu Natal were requested to assist with the investigation due to their experience for investigating organised crime.

On Friday 2024-12-06, a businessman Katiso Jacottat Molefe was arrested and charged as the fourth accused for the murder of the victim. He appeared at Vereeniging magistrate court for first appearance on Monday 9th December 2024 and his matter was postponed to 13th December 2024 for formal bail application. On the 13th December 2024 the accuse abandoned bail because his legal team put it on record that they are still gathering some information. The matter was then postponed to 21st January 2025 for formal bail application.

On 2025-01-21 the matter was heard and the Defence arranged the bail hearing to be postponed to the 20th February 2025 and the case was postponement. On the 20th of February 2025 the State and defence exchanged their affidavits, Thereafter, the Defence informed the court that they are not continuing with bail and requested the matter to be postponed to the 24th February 2025 for bail hearing due to the fact that there are facts that they were not aware of as a results they wanted to amend their affidavit. That was prompted by the fact that the accused did not disclose his previous conviction on his affidavit and after realizing that the State is aware of the United State of America convection they requested a postponement. Reference made as per court records [REDACTED] paragraph 10. On the 24th February, the accused affidavit was read and the State requested postponement to answer on the application. The matter was adjourned to the 5th of March 2025 for further bail hearing.

REQUEST FOR THE OFFICE OF DIRECTOR OF PUBLIC PROSECUTION TO READ, REVIEW AND APPEAL THE JUDGEMENT OF KATISO JACOTTET MOLEFE AS PER HIGH COURT GAUTENG NORTH JUDGMENT: [REDACTED] MURDER, APPEAL NO: 05/2025 COURT AND [REDACTED]

On 2025-03-05 the state replied the Defence affidavit and the court postponed the matter to 2025-04-02 for bail judgment. On the 2nd of April 2025 the matter was heard and the accused was denied bail. The presiding officer postponed the matter to 11th to 22nd August 2025 for trial. He further informed all parties that the case will be heard at Palm Ridge high court. Senior Public Prosecutor Ronel Coetzee of Vereeniging magistrate court handed the docket to Advocate (Adv) JJ Jacobs of Gauteng North high court in Pretoria who later handed it to his colleague Advocate Mashile because he was going on retirement.

The accused filed a bail judgment appeal to high court. Heads of arguments were submitted by both the State and Defense of the 6th of June 2025. Thereafter, a court hearing was communicated to be on the 27th June 2025. On the 24th June the team had consultation with Adv Mashile at DPP's office Pretoria to brief him. On 2025-06-27, the matter was heard at Gauteng North high court Pretoria. The presiding officer Acting Deputy Judge President A Ledwaba was presiding over the matter. He granted the accused bail of R100 000.00 with conditions that are questionable.

The team was not happy by the judgement granted by the presiding officer and raised their unsatisfactory to Adv Mashile on the same day. They further indicated that they want to appeal the judgement.

This office hereby requests the matter to be reviewed and an appeal be filed against the bail granted to the accused by the presiding officer Acting Deputy Judge President Ledwaba

Your support and cooperation will be highly appreciated.

BAIL APPEAL: KATISO J MOLEFE versus THE STATE

[REDACTED]

YOUR 3/2/8 DATED 3 AUGUST 2025 REFERS

Receipt of your letter is acknowledged.

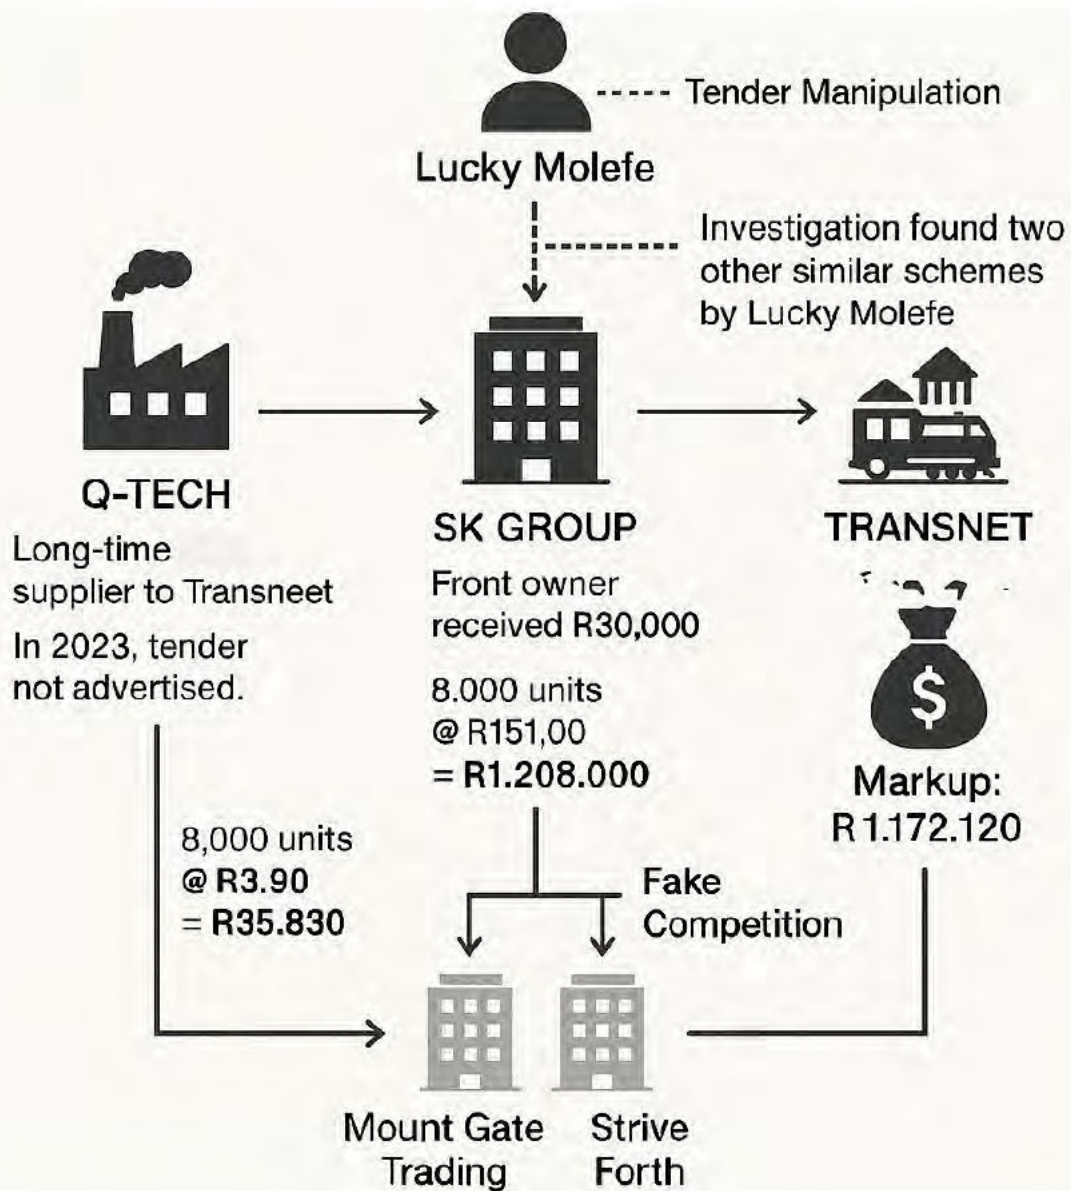

To properly consider your request this office requested the Registrar of the High Court, Gauteng Division, Pretoria to have the judgment transcribed. Upon receipt thereof it will be studied to determine whether there are grounds for appeal or not. It is important to note that in terms of the Criminal Procedure Act, 51 of 1977 the state's right to appeal is limited to an appeal on a question of law and not on facts.

You will be advised accordingly.

Yours faithfully

VOICE NOTE TO LEBO

CASE NO: COMMISSION OF ENQUIRY

LEBO

Lebo, please go and tell Tshepo that he must stay far from Soweto, and he must not go to work until further notice. He must not be found anywhere; his phones must always be off. Everything that has to do with him, must not be traced until further notice. That is what the lawyer said, and even the brothers said the same thing, that he must disappear and not be found. If he does not have a place to stay, they will organise one for him, to stay at for a while. So please pass the
10 message and tell Tshepo that, if he can communicate with Thapelo, he must tell him the same thing, but Thapelo I do communicate with him and I told Thapelo, he must play it safe. I told Thapelo to move the car, and remove the tracker from RS4, the tracker must be removed from RS4 because they are looking for it, so Bobby will send Haas, and they will go and remove the tracker from RS4. So please tell him, I also told Thapelo that if he wants to go to the mall, he must wear a cap or bucket hat and sunglasses and go. So for Tshepo, if he wants to get drunk, tell him I said he must buy a bottle and go
20 stay at home. Please, please, until further notice. Just do that Lebo, I do not know how this will reach Tshepo because he does not call me. If he has a chance to call me with a different number, please let him do that. Please. Okay.

Hello Fafa please forward this voice note to Tshepo right? Please tell him that today he must never be anywhere near Soweto, Johannesburg, even at his house. Even when they can take Karabelo to trap him to come, he must never trust anything because today they are under so much pressure because they want them all tonight so they can go to court tomorrow. And if it is like that then it will ruin everything. Our uncles says he must not be around; we also spoke to Thapelo. Please Tshepo, I am begging you, stay far where you are. Just
10 park the car and chill wherever you are. Do not, I do not know what to say. Do not come this side, I am begging you my little brother. Help us for today. I will keep you updated, even late I will send you another voice note to update you on what is going on, and don't stress, they are busy with it. What else? Yes, I will update you later today but so far, we are getting good results because what's-his-name met and fixed things, you see? So if you appear, know that you ruined everything.

BRIGADIER: Hello

WITNESS B: How are you?

BRIGADIER: I'm alright, how are you?

WITNESS B: I'm fine. I got a message from Colonel Greyling. He said I must call the Brigadier pertaining Vereeniging 275.

BRIGADIER: Who am I speaking to?

WITNESS B: [REDACTED], Organised Crime.

BRIGADIER: Oh. Yes, no. We got an instruction from the PC right?

10 WITNESS B: Yes

BRIGADIER: To collect all those dockets, including that docket of yours and go give it to him. And the instructions were given to us as District Commissioners and if we are not handing in those dockets to him, we are going to be facing disciplinary steps. So I told, I gave the case numbers to, to all the stations to collect all the stations for me and go and give it to the PC, so that is the reason we want that docket.

WITNESS B: Oh

BRIGADIER: Yes

20 WITNESS B: Brig, for now I am going to have a problem because I don't have the docket with me, it's at DPP.

BRIGADIER: Okay

WITNESS B: Yes

BRIGADIER: No, it's not a problem. You can just write me a report that the docket is the PP, at the DPP. Send me that

report on, on, on email, and my email address is
[REDACTED]. or you can send it to the District
Commissioners email at Sedibeng, then we will, as we hand
the other dockets, we will tell him that, that one is at the DPP.
It's not a problem

Witness B: Alright Brig, I will do so.

Brigadier: Ok, thank you so much.

Witness B: Thank you. Bye

Brigadier: Bye

BRIGADIER: This docket, is it the one of [Indistinct] Molefe

WITNESS B: That's correct.

BRIGADIER: I am the suspect on that case.

WITNESS B: You are a suspect?

BRIGADIER: Yes. So don't bring it to me, right? Even when you get it, take it directly to, to the PC right?

WITNESS B: Alright.

BRIGADIER: Even when it's from the DPP, don't bring it to me, I don't want it.

WITNESS B: Okay.

BRIGADIER: You can give it directly to PC.

WITNESS B: Okay, I hear you, Brigadier.

BRIGADIER: Alright Sergeant. Thanks.
